

OhioHealth Doctors Hospital

Information (614) 544-1000

OhioHealth Doctors Hospital is a modern community hospital nationally recognized for quality care and patient safety and satisfaction. Specialty services at Doctors Hospital include heart disease, cancer, women's health, orthopedics and digestive diseases. The Emergency Department at Doctors Hospital is one of the busiest in central Ohio. With a progressive program to fast-track patients through registration, patients experience reduced wait times and a quicker path to high-quality care. Doctors Hospital is an Accredited Chest Pain Center where heart patients receive treatment an average of 30 minutes faster than the American College of Cardiology recommends. Doctors Hospital is home to one of the largest osteopathic training program in the U.S. Approximately 150 physicians are trained here each year in osteopathic medicine.

Our goal is to make your visit as pleasant as possible, and that means making it as easy as possible to find your way around. If you would like personal assistance, there are Information Desks at most entrances. If you need help at any time during your visit, go to an Information Desk or ask anyone wearing a hospital identification badge. We'll be happy to walk you to your destination.
